Price Adjustments for Criminal and Civil Searches

Due to vendor, labor, and data inflationary pressures, we are implementing a modest price increase on criminal and civil searches ordered after April 15, 2023. The following price increases will impact a-la-carte and packages orders:

<u>Product</u>	<u>Amount of Increase</u>
County Criminal Search	\$ 1.60 each
State Criminal Search	\$ 1.60 each
Civil Search	\$ 1.60 each

Price Adjustments for Drug Testing & Occupational Health Services

While we have minimized price increases for most background screening products, our drug testing and occupational health services rely on national laboratories and patient sites, which continue to struggle with labor and related costs. As a result, an increase of 10.0% will apply to all drug testing and health services ordered after April 15, 2023.

Please be assured that we have and will continue to make concerted efforts to mitigate inflationary pressures – without negatively impacting our quality, compliance diligence, or service focus. These price adjustments are client-specific based on volume, product selection/mix, current pricing, and tenure. For questions about your pricing or products, please contact your account manager or email us at products@ghrr.com.

GHRR is one of the industry's most comprehensive providers of screening services. Thank you for the opportunity to continue to service your organization, and we look forward to sharing more positive news about our expanded offerings in the second quarter.
